What Teacher Education Programs forget to tell their candidates:

- ?? A teacher cannot be all things to all people
- ?? You are not a “bad person” if you’re not always able to meet all the needs of all your students
- ?? You are a powerful and compelling figure in the lives of your students
- ?? In recalling their school years, students mostly remember their teachers, and not the courses they took
- ?? You need to find a “critical friend” whom you can trust to serve as a sounding board
- ?? At times students can be very cruel, difficult, and mean-spirited
- ?? It is a mistake to personalize a student’s unacceptable behavior
- ?? Few people will ever appreciate the amount of time and effort teachers give to their teaching
- ?? By choosing to be a teacher, you have entered an emotionally dangerous profession
- ?? You are both a role model and change agent
- ?? Most of the significant advances in civilization have been the result of the work of teachers
- ?? Teaching is an act of faith in the promise of the future
- ?? Teaching is a way of life

**JAMES MARRAN, Social Studies Dept. Chair
 New Trier High School, Winnetka, Illinois**

Do you have questions about your teaching or administrative certificate?

The Illinois State Board of Education is a great resource for information about the certification process, including renewals. Just go to their web-site at:

www.isbe.net/teachers.htm

If you have further questions, please call Emilie Martin or Donna Thurston at the Regional Office of Education at 1-800-322-1239.

To say that you have taught when students haven't learned is to say you have sold when no one has bought. But how can you know that students have learned without spending hours correcting tests and papers?...check students understanding while you are teaching (not at 10 o'clock at night when you're correcting papers) so you don't move on with unlearned material that can accumulate like a snowball and eventually engulf the student in confusion and despair.

Madeline Hunter, 1989

This is what learning is. You suddenly understand something you've understood all your life, but in a new way.

Doris Lessing

It is the supreme art of the teacher to awaken joy in creative expression and knowledge.

Albert Einstein

Professional Development

Do you have questions or concerns about Professional Development? Would you like to request Professional Development services at your school building?

Highly Qualified Teachers

Illinois criteria requires that current teachers (those first certified in Illinois on or before June 30, 2002) hold a valid certificate for the grade level of assignment and meet one of the following five options:

1. Pass the Elementary/Middle Grades Test or the subject-area test for their area of teaching responsibility.
2. Have a major, or coursework equivalent to a major, in the area of teaching responsibility.
3. Have a master's degree or other advanced degree or credential in the area of teaching responsibility.
4. Be certified by the National Board of Professional Teaching Standards in the area of teaching responsibility.
5. Have an endorsement, or its coursework equivalent, that is sufficient to meet the Illinois minimum requirements for the area of teaching responsibility; have teaching experience in the area of teaching responsibility; and have engaged in continuing professional development in the area of teaching responsibility.

Contact Emilie Martin or Donna Thurston at 800-322-1239 for more information or if you have questions.
